## OBJECTIVE

---

I wish to become a senior level web developer in charge of a team of developers building websites

## TECHNICAL SKILLS

---

Languages	CSS, DHTML, DOM, HTML, Javascript, JQuery, PHP, Perl, Python, XHTML, XML
Software	Dreamweaver, Fireworks, Illustrator, Notepad++, Photoshop
Source Control	Mercurial, Perforce, Subversion

## WORK EXPERIENCE

---

Sept 2008 – Present      **Cambridge Interactive Development Co.**      Cambridge, Ma

*Lead Front End Web Developer*

- Manage three front end web developers
- Maintain the company's 15+ websites built on Plone, Perl Mason and Wordpress frameworks
- Develop new features and pages for the sites
- Convert Photoshop files into working website pages and sites
- Create localized versions of the sites for 15 different languages
- Work with stakeholders and other departments to gather requirements
- Meet with project managers to discuss the status of projects
- Help the marketing team create content for the CMS sites

*Environment: CSS, Javascript, JQuery, Plone CMS, Perl, Python, Wordpress, XHTML, XML*

June 2007 – Present      **Freelance Web Developer**      Arlington, Ma

*American Chronic Pain Association – 2009 to present*

- Designed and built their website - [www.arlingtonacpa.org](http://www.arlingtonacpa.org)
- Added a [Google Map](#) to the site
- Responsible for content changes to the site

*Kickass Cupcakes - 2007 to Present*

- Designed and built their website - [www.kickasscupcakes.com](http://www.kickasscupcakes.com)
- Built a dynamic [Press page](#) using PHP and XML data
- Built a [Photo Gallery](#) module with an admin interface using PHP and XML data
- Responsible for frequent content changes to the site including the addition of new pages

*Culture Counts - 2008*

- Designed and built their website - [www.culturecounts.com](http://www.culturecounts.com)
- Added a PHP based [Blog](#) their the site

*Environment: PHP, JavaScript, CSS, XHTML, XML, Google API*

Oct 2001 – Mar 2008      **Dancing Deer Baking Co.**      Boston, MA

*Webmaster, IT Support, Creative Services and Order Processing Manager*

- Maintained the company's three websites built on ASP and PHP Smarty frameworks
- Optimized the Dancing Deer site to increase its organic ranking from last to first on Google
- Created and sent monthly HTML marketing newsletters
- Wrote custom Perl scripts to help automate the processing of orders
- Managed six holiday order processing clerks
- Worked with creative to update and add pages to the site
- Implemented new packaging labels for the company's product line

*Environment: JavaScript, XHTML, CSS, PHP, ASP, Smarty, Crystal Reports, Access*

2<sup>nd</sup> Semester 2001      **Pinpoint Corporation**      Billerica, MA

*Test Software Developer (co-op)*

- Built a C program to record testing data from microwave tag locators into a SQL Server 7 database and then display the recorded data based on built in and user entered SQL queries.

---
